

## **ACBL Litigation Report March 2024**

There were two cases that had been brought against ACBL that have now been settled. These are the Marcus case and the Hann case.

### **EDGAR vs Hammond Software**

On February 22, 2024, Hammond Software initiated a countersuit against EDGAR (a computer-based cheating detection—CBCD—system). This suit named ACBL as a defendant in response to the patent suit filed by EDGAR against Hammond Software. We are taking all necessary
